RE: Amendment No. 2  
Report of Classification Commission  
Drainage District No. 18  
Worth County, Iowa  
Project No.: P11.108902

Dear Board Members:

Following mailed notice of hearing for Drainage District No. 18 Worth County, a landowner inquired about the classifications presented for Laterals 1 & 1A. It was found that the Classification percent was calculated from the wrong parcel resulting in a high classification of 143.44%. We have included with this amendment, an updated schedule for Laterals 1 & 1A showing the correct Classification percentages for each parcel. Please note the calculated Base Assessments are unchanged by this correction.

Sincerely,

**Bolton & Menk, Inc.**

RE: Amendment No. 1  
Report of Classification Commission  
Drainage District No. 18  
Worth County, Iowa  
Project No.: P11.108902

Dear Board Members:

As notices were being prepared for the required hearing on the Report of Classification Commission for Drainage District No. 18, errors in the reported benefited acres were found. These errors stem from the road right-of-way acres not being removed for the listed gross acres of the parcel. These corrections affect two schedules, the Main Tile Assessment Schedule and the Lateral 3 Tile Assessment Schedule. Below are two tables listing the several parcels affected by the error.

**Main Tile Assessment Schedule Acre Corrections**

DEEDHOLDER	S-T-R	LEGAL	PARCEL NUMBER	ACRES IN REPORT	ACTUAL TAXABLE ACRES
TENOLD, ARLYN & JUDITH REVOCABLE TRUST	29-99-22	JOICE SE SE 29 99 22	0529476001	40.00	37.35
	29-99-22	JOICE SW SE 29 99 22	0529451001	40.00	38.85

The total acres on the schedule hereby changes from 1,363.23 acres to 1,407.57 acres.

Name: Drainage District No. 18

Date: February 23, 2017

**Lateral 3 Tile Assessment Schedule Acre Correction**

<b>DEEDHOLDER</b>	<b>S-T-R</b>	<b>LEGAL</b>	<b>PARCEL NUMBER</b>	<b>ACRES IN REPORT</b>	<b>ACTUAL TAXABLE ACRES</b>
VETTER, EMILY ET AL ½ & JONES FAMILY TRUST ½	30-99-22	SE NE EXC PAR	0530200005	39.71	38.70

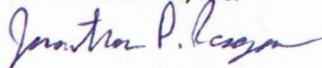

The total acres on this schedule hereby changes from 149.90 acres to 148.89 acres.

Also found during publication, the legal description of one parcel was found to be incorrect. The initial report listed this parcel as the SE NW EXC PAR of 30-99-22, but should be the SE NE EXC PAR of 30-99-22. This change should be made on the Lateral 3 Tile Assessment Schedule, this description is correct on the Main Tile Assessment Schedule.

It should be noted that these acre corrections do not affect the classification of the parcel as the benefits are calculated based upon the actual area of the parcel outside of the road right-of-way area. The acres for full parcels are then manually changed to the legal acres of record for the parcel.

Sincerely,

**Bolton & Menk, Inc.**

**REPORT OF CLASSIFICATION COMMISSION  
RECLASSIFICATION OF BENEFITS  
DRAINAGE DISTRICT NO. 18  
WORTH COUNTY, IOWA  
2017**

We, Ken Sweetland, Chad Nelson, landowners in Worth County, and Jonathan Rosengren, engineer are the commissioners duly appointed to reclassify lands within the boundaries of Drainage District No. 18 in Worth County, Iowa. Pursuant to our appointment we have examined each and every benefited parcel within the district and as recommended in the engineer's report on file in the office of the County Auditor. Each ¼-¼ section or smaller tract of land within the district has been classified and the percentages of benefit each parcel derives from the facilities.

We recommend and report three assessment schedules herein to be used for current and future maintenance and other costs that may arise within the benefited area of these facilities. The costs of the proposed improvement should be assessed using these schedules.

Set beside the new schedules is a basis cost. The basis cost is assumed and should not be considered a cost of the completed work. We have apportioned this basis to the lands determined to be benefited by each named facility to serve as a basis for the allocation of current and future costs associated with the named improvement

<u>New Schedule</u>	<u>Basis Cost</u>
Main Tile (1,417 Acres)	\$100,000
Lateral 1 & 1A (157 Acres)	\$10,000
Lateral 2 (23 Acres)	\$10,000
Lateral 3 (150 Acres)	\$10,000
Lateral 4 (123 Acres)	\$10,000

Accordingly, we herewith submit our report. The schedule presents in tabular form for each benefited parcel the names of the owners and legal description thereof as shown on the transfer books in the Auditor's office.

1. The parcel number.
2. The number of benefited acres.
3. The classification or percentage of benefits derived relative to the total assessment.
4. The classification or percentage of benefits derived relative to a 100% benefit assigned to the tract having the greatest benefit (Benefit Rating)
5. Apportionment for the future maintenance cost basis according to our classification of the benefited lands.

The schedules also show benefits to the county secondary roads.

Included with this report are the assessment schedules and plats.

It is the recommendation of the commissioners that this report be adopted.

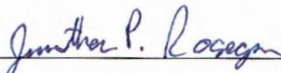

Respectfully submitted,

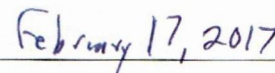

Ken Sweetland, Landowner

Chad Nelson, Landowner
