Reclassification Hearing for DD No. 48 at 11:00 A.M.

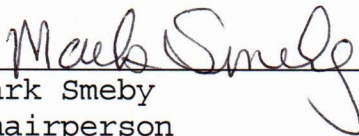

Colton Cunningham with Bolton & Menk advised there was no annexation recommended for this district, just reclassification. There are also no current projects, repairs or improvements assigned at this time. Colton discussed the 3 factors used in determining proper classification which include use, proximity and wetness.

The original assessment schedules were from 1921 and needed updating. There are now 16 schedules. The North Main schedule was created if there are improvements requested in the future.

There was landowner discussion about acres on the North end that should be included in the district. Bolton & Menk will do some more research and put together an annexation report.

Annexation report will be completed and filed. Notice will be placed in the newspaper and only sent out to those specific landowners who will be annexed.

Continued at 11:23 A.M. until Monday, June 23<sup>rd</sup> at 9:30 A.M.
