Public Hearing for one-time reclassification schedule for DD No. 34 Upper Main improvement at 10:00 A.M.

The drainage clerk will use the current 2023 assessment schedule to assess the bills that have accumulated to date, which is roughly \$505,000.

The current Main will pay for 75%-80% of the total overall costs. The New Upper Main schedule will be used for the improvement cost difference, which is 20%-25%. Both schedules will be used in the Fall of 2025 for final assessments.

A landowner expressed concern about the costs from another landowner pulling survey stakes and the Engineers having to re-stake it. They would like to know how that is going to be handled. Jacob said they will take this into consideration at the completion hearing. The cost of re-staking this property will be deducted from that landowner's crop damage refunds.

No objections concerning the reclassification schedule.

Motion Mark Smeby, second by Enos Loberg, accept DD No. 34 Upper Main one-time reclassification schedule. Meeting adjourned.
